

Invest in the future of St. Pius X Church

At St. Pius X we are enhancing our Grotto with a Brick Garden. We offer our parishioners, visitors and friends an opportunity to share in this endeavor by purchasing a brick or bricks in memory of a friend, living or deceased relative, weddings, births, birthdays, or other special occasions. A prayer, hometown, name, or business name may be engraved into the brick.

The bricks are engraved by a unique laser process. This process also ensures the strength and durability for many years to come.

The bricks come in two sizes: (4" x 8" and 8"x 8"). Tan in color.

In addition to the regular size bricks, (8"x8") red bricks will be placed in the center of the Garden, in the form of a cross. These particular bricks will be limited.

We are encouraged by our progress, however, to make this effort a success we need your continuing support.

Proceeds will go directly to the improvements that will enhance our Church and grounds.

Please place your orders now!
